

Dear Braam and South African Butler's Academy

We would like to make use of this opportunity to thank you and the South African Butler's Academy for an amazing day of learning. Thank you for accommodating us for only the one day. You and your team exceeded our expectation.

Each student walked away not only with excellent waitering/serving knowledge and skill, but you equipped us with so much more tools to have our clients happy at all times.

Thank you for making the process of learning an enjoyable journey.

Kind regards

Mariella's Restaurant Team
